CONGRESSIONAL RECORD VOTE CORRECTIONS

The following are corrections in the official outcome of votes taken during the first session of the 95th Congress.

The lists are subdivided into "Vote Corrrections" and "Stand or Announcement Changes." The former involve adjustment of the "Yeas" and "Nays" in the breakdown on Congressional Quarterly vote charts; the latter do not affect the breakdown.

The *Congressional Record* vote corrections listed below were inserted in the *Record* too late for CQ to include on current Weekly Report vote charts; Weekly Report pages where these votes may be found are indicated so that you may bring your Weekly Report file into conformity with the *Record*.

Corrections indicated with an asterisk (*) and those below the triple spacing are new listings subsequent to the CQ index of July 30.

Symbols used in these vote corrections:

Y—Yea
N—Nay
A—Absent
● —Voted "Present" to avoid possible conflict of interest.
AY—Announced For
AN—Announced Against
PY—Paired For
PN—Paired Against
P—Voted "Present"

In correcting CQ vote charts, see key on chart for appropriate symbols.
